

SCRIMMAGEFEST DAY

Games, games, and more games

SESSION PLAN

WARM-UP • OPTIONAL **Team's choice** 10 min

Let the players vote on their favorite warm-up from the season, relay, obstacle course, or tails tag, and run it one last time. It sets a fun, relaxed tone for the final day.

SAY IT SIMPLY "You pick today!" · "Let's have fun!" · "One more time!"

PLAY **World Cup** 15 min

Run a mini-tournament: split into small teams, let each pick a country, and play a series of short 3v3 or 4v4 games to small goals. Keep each game brief so everyone plays a lot.

SAY IT SIMPLY "Play for your team!" · "Great teamwork!" · "Everyone plays!"

PRACTICE **Skills circuit** 15 min

A light look back at the season, not a new fix. Set up a short, relaxed circuit of stations that revisit the season's moves: a dribble maze, a turn, a pass, and a shot. Keep it light and fun rather than a test.

SAY IT SIMPLY "Show me your moves!" · "Try them all!" · "Have fun!"

PLAY **Free play and recognition** 15 to 20 min

Finish with open small-sided play, then hand out simple recognition such as most improved or best teammate.

SAY IT SIMPLY "Just play and have fun!"

WHY IT MATTERS

Small-sided games let players apply the season's skills without direction from the sideline. Coaching backs off in the final week on purpose. It shows what players have actually retained, and gives them room to make their own decisions.

HOW IT DEVELOPS

- | | |
|------------------|--|
| U7 to U8 | More deliberate decisions in small-sided games, with a basic sense of spacing and positions. |
| U8 to U10 | The full 7v7 game. Holding shape. Making decisions without being told what to do. |
